

**Mark Leder** was the general contractor for the Columbus-based Universal Design Living Laboratory, the national demonstration home and garden, where he and his wife Rosemarie Rossetti live. He is vice-president of Rossetti Enterprises Inc. and assists Rosemarie with the technical side of the business.

Mark has nearly 40 years of unique and diverse business experience ranging from Fortune 500 corporations to small start-ups. His expertise includes business operations, commercial real estate management, facilities construction and renovation project management, sales, marketing and customer service.

For 15 years, Mark has been the President of his own information technology consulting firm, providing back-office database and web programming services, and computer hardware support.
